Department Operations

WPFD will be working with the local Home School program through the library to do a Fire Department program with the students on April 14th. More details are to follow.

DNR Grant items have all been purchased and will be closed out.

EMS: Two members are in class, one new member and one current Fire Fighter. One new member is awaiting class registration. The Lucas device purchase is complete and will be in service within the week following training Thursday 3/12.

Fire: Three new Fire Fighters are in class; one is a current EMR member. Training in March will either be Air Boat Training or Tim Franz on Reading Smoke. The Thousand Island Air Boat is in service. The Husky boat remains in the station bay due to the Training Center Phase 2 build started today. There is a possible interested party in purchasing the Husky Boat. Over Head Doors did preventative maintenance on all garage doors and replaced a broken cable on one door. Several door cables show rust, so replacement was completed on all doors. One door was having issues opening/closing, openers are 20 plus years old and recommendation is to run them until failure. Chief requested quote for replacement of openers which was \$1819 per opener. Apparatus Bay floor sealing quote requested due to floor peeling. Possible floor drain to be cut in on the Northeast corner of Bay.

Budget reviewed.

Incident Reports reviewed. "A" and "O" calls for EMS and "A" calls for Fire MVA without injuries are no longer being dispatched. We are only being dispatched for those calls if requested by the ambulance service.

Motion made by Dale Burghart and seconded by Mike Bouras to adjourn the meeting. Meeting adjourned at 7:19 pm. Respectfully submitted: Michelle Eigner
